Welcome

Welcome and introduction to the project TSO2020

Moderator Sonja van Renssen, Managing Editor, Energy Monitor

Remco Wassink, TSO2020 Project Coordinator, Gasunie.

Setting the scene

TSO2020

Mr. Rene Schutte, Managing Director HyNorth, Gasunie

Video Message

Combining energy and road transport infrastructure as essential enabler
for green Hydrogen deployment

Mr. Tjisse Stelpstra, regional Minister Province of Drenthe

Synergy

TSO2020 as an accelerator for green Hydrogen developments

Mr. Patrick Cnubben, New Energy Coalition

CEF Funding

Hydrogen and Lessons learnt from the
Action's implementation

Ms. Beatrice Coda, CINEA

Next steps

In unlocking the European green Hydrogen ambitions

Ms. Mariette van Empel, Ministry for Infrastructure and
Watermanagement

Coffee break

Work Package 2

Stability study of international electricity system connected with regional and local sustainable gas systems

Mr. José Rueda Torres, TUDelft

Work Package 3

Coast Benefit Analysis (CBA) Modelling

Mr. Wim van der Veen, DNV GL

Work Package 4

Zuidwending Pilot

Mr Robert Luchies, Gasunie

Work Package 4

Delfzijl Hydrogen Hub

Mr. Edward Doorten, Green Planet

Work Package 5

Analysis to scale-up to mass application

Mr. Ian Williamson, HyEnergy Consulting

Discussion

Final reflections on outcomes and perspectives opened up by TSO20, suggestions for new Synergy programs and steps towards becoming a Hydrogen Valley

Ms. Els de Wit, Ministry for Infrastructure and Watermanagement,
Mr. Rene Schutte, Managing Director HyNorth, Gasunie
and Mr. Patrick Cnubben, New Energy Coalition.

Closing remarks

Co-financed by the European Union
Connecting Europe Facility

Thank you for participating!
